Dear Sir:

In response to the "Notice to Comply With Requirements for Patent Applications Containing Nucleotide Sequence and/or Amino Acid Sequence Disclosures" dated May 8, 2001, please substitute the enclosed Sequence Listing for the Sequence Listing filed in the present application. Also enclosed is a corrected computer disk reflecting these changes. Pursuant to 37 CFR §1.821(f) and (g), it is believed that the content of the corrected paper sequence listing and the corrected computer readable sequence listing are the same. Further, the present submission of the substitute pages and computer disk are not believed to constitute new matter. Please charge (or credit) any fees associated with this response to the firm's Deposit Account No. 20-1430. If the Examiner believes a telephone conference would expedite prosecution of this application, please telephone the undersigned at 206-467-9600.

Respectfully submitted,
